

# Cypress University Alliance Technology Grant Proposal

---

## PLEASE READ CAREFULLY BEFORE SUBMITTING REQUEST

All Cypress Semiconductor University Alliance (CUA) Program donations are exclusively for the purpose of Academic Research and/or Teaching and subject to the following terms:

1. The donation request must be submitted by an instructor or school staff member. **Academic affiliation will be verified on all requests. (Please provide your academic email address. Do not provide a yahoo, aol or .com address.)**
2. For donations outside the USA, the customer is responsible for paying all import duties, tariffs, and special handling fees which may exist. **If shipment is refused and/or returned no further shipments will be sent to the institution.**
3. If requested the instructor or his/her department will complete and return the "Donation Acknowledgment" letter confirming receipt of the donated products.
4. All donated Cypress Semiconductor products are expected to be used and incorporated into the academic research, course(s) and lab(s) for which they are donated.
5. If requested, instructor agrees to share relevant teaching materials with CUA. If deemed appropriate CUA may disseminate materials to other CUA member institutes.
6. If contacted, the instructor agrees to participate in a CUA survey (this may be by phone or on-line).

**Export Compliance:** Recipients and users of Cypress products, services and technology shall adhere to all applicable export laws and regulations, including those administered by the U.S. Department of Commerce (U.S. Administration Regulations 15 CFR 730 et seq.) and shall not export, re-export, resell, transfer, or disclose, directly or indirectly, any technical data or products, or the product of such technical data or products, to any proscribed person, entity, or country, or foreign national thereof, unless properly authorized by the U.S. government.

By checking the "I agree" button below, you certify that the Cypress product you receive will not be used in any Nuclear, Chemical or Biological, Missile Technology, Significant Item, or Crime Control application.

**All requests are subject to review and approval by the CUA committee. CUA reserves the right to limit donations and/or deny a request.**

**Donation Agreement: I understand and agree to the Terms of Donation as stated above.**

## **Cypress Products**

4.1) Do you currently have Cypress PSoC Software?  Yes  No

4.2) What development board(s) are you requesting? *We strongly suggest that you first review each of the board offerings to determine the best solution for your academic need. These can be found in the online store at [www.cypress.com](http://www.cypress.com).* In general we have found the CY3210-PSOCEVAL1 kit to be the most flexible kit across a broad range of classes. We also suggest that you begin with one or two kits to evaluate the technology. More kits can be requested for donation or purchase at an academic discount after your evaluation is completed.

<b>Development Kit Product Number</b>	<b>Quantity</b>

Note: Additional Kits may be purchased at a 50% academic discount. Please contact [cuap@cypress.com](mailto:cuap@cypress.com) for details.
